(Presenter: Mr. Scotty Snell) |
| 11:40 AM~12:00 PM | Evaluation & Survey, Dr. JeeHae Helen Lee, Curriculum Coordinator          |
Ms. Jennifer Arenal-Mullen
Jennifer Arenal-Mullen is a fifth grade teacher at Kelly Springs Elementary School. This is her ninth year teaching. She received her Bachelor of Science in Elementary Education as well as her Master of Science in Elementary Education from Troy University’s Dothan Campus. She is a firm believer in teaching our students the correct way to use a variety of technologies. The importance of digital citizenship is taught throughout her lessons. One of the most frustrating parts of technology used to be the challenge of getting students to the correct web pages in a quick and correct manner. Symboloo is a wonderful way to help alleviate this difficulty. As an added bonus, it can be accessed from home or school, so a student is not tied down to one computer.

Mrs. Holly Rollins
Holly Rollins is a second grade teacher at Kelly Springs Elementary School. This is her seventh year teaching. She received her Bachelor’s degree in Communication from Auburn University and a Master’s degree, with honors, in Early Childhood/Elementary Education from UAB. In her spare time, Holly is an avid runner training for a half marathon and a certified REFIT fitness instructor. She is married to Ray Rollins and has two precious little girls. Holly is going to show you that communication with parents can be easy using Classdojo, Remind and Signup Genius.

Ms. Crystal Forehand
Crystal Forehand is a Kindergarten teacher at Kelly Springs Elementary School. She has ten years of teaching experience. She received her Bachelor of Science in Elementary Education from Troy University, Dothan Campus. Nominated to represent Kelly Springs as Teacher of the Year in 2012/2013 and 2015/2016. In addition to teaching, she serves as a board member for the South Alabama Early Childhood Conference. Today, she is going to show you how to use Plickers as a fast, easy and efficient way to take Formative Assessments.

Mr. Scotty Snell
Mr. Scotty L. Snell received his Masters of Education in Mathematics from Troy University, Dothan, Alabama. He is currently employed with the Dale County Board of Education and works as a seventh grade math teacher at South Dale Middle School in Pinckard, Alabama. Dale County Schools has recently adopted a new math curriculum which has transitioned Mr. Snell into using more technology and has provoked the search for acquiring appropriate technology into his classroom. He will discuss some general questions you may ask when acquiring technology into your classroom.

Ms. Andrea Tice
Andrea Tice is a fifth grade teacher at Kelly Springs Elementary School in Dothan, Alabama and has three years of teaching experience. She received her Bachelor of Science in Elementary Education from Troy University Dothan Campus in 2011. She is currently serving on the school’s EL committee and Problem Solving Team. For the past two years, she has thoroughly enjoyed hosting student teachers in her classroom. She is married to Joey Tice, the Technology Specialist for Ozark City Schools, and stays busy with two beautiful little girls. Today, she is sharing an awesome website for brain breaks and so much more. Get ready to GoNoodle!
